**Our standard shipping method is via the Post Office (USPS) based on the weight of the package- shipping via 1<sup>st</sup> class mail or standard priority mail. If you require faster shipping via the Post Office (Express Mail) the charge for that is based on the weight of the package. You will need to contact Carotec at 1-800-522-4279 to find out what that charge will be.**

**If you require shipping via United Parcel Service there is a fee for shipping. (FOR UPS RATES SEE THE UPS SHIPMENTS SECTION BELOW IN ORANGE.)** Rates are for shipments to one address only. In the event of multiple shipments to different addresses- each address will be assessed a shipping rate based on the \$ amount of the items in that particular package. The order confirmation shipping amount may not reflect the rates for both packages, but will be adjusted based on what the value is for each shipment.

We do not charge additional shipping rates for items that are on backorder at the time you place your order.

**Over \$1600 TBD\*** Rate is based on box size and weight of the package. Rate will be determined upon receipt of the order and you will be contacted with the amount prior to your account being charged.

**UPS SHIPMENTS-** should you require UPS shipping or faster shipping on your order (Overnight UPS, 2 Day Air UPS, 3 Day Air UPS, or Express Mail) please request this in the comments box as you are placing your order. UPS shipments must be to a street address only, no post office boxes. The rate that will be shown on your order confirmation is for our standard post office shipping method only. When your order is downloaded to us we will determine the shipping rate based on the box size and the weight of the package. You will be contacted with the amount prior to your credit card being charged for the shipment. Generally speaking you can estimate that ground UPS shipments will be double the rate of postal service shipments, air shipments will be more that double the rate for postal shipments. **WE WILL NOT CHARGE OR SHIP THE PACKAGE UNTIL WE HAVE APPROVAL FOR THE ADDITIONAL FEE FROM YOU.**

**FOREIGN SHIPMENTS and Special Requests (Air)-** We only ship to the following foreign countries- Australia, Canada, and England. The shipping rate that will be reflected on your order confirmation is the rate we charge for US shipments. Your actual shipping rate will be determined when the order is downloaded to us- based on the box size and weight of your order. You will be contacted with the amount prior to charging the order

**CREDIT CARD CHARGES-** Your credit card has **NOT** been charged when you click the submit button when placing your order. That is only a confirmation that your order has been placed. We review every order for accuracy and we will contact you should we have any questions prior to the actual charge being made to your credit card.
